

03 CUT-RESISTANT GLOVES / **CUTGUARD®** bluetouch

STAHLNETZ®

We have extended our **CUTGUARD®** product range to include a new cut-resist glove which, like CUTguard and CUTguard PLUS, also offers considerably better cut-resistance than required by level 5. This **extremely fine-knit**, innovative glove offers clear advantages over conventional cut-resist gloves normally sold on the market:

CUTGUARD®, 13-gauge bluetouch

- CE-certified (**CE EN 388**)
- Highest cut-resist level: Level 5
- Excellent touch-sensitivity (especially suitable for protecting the knife-holding hand)
- Longer cuff covers wrist area for more protection
- Blue color for easier identification/location in the production process
- ambidextrous
- Specially designed and permitted for the food processing industry

- Washable at high temperatures
- **with strengthened fingertips**
- Our cut-resistant gloves CUTguard “bluetouch” have colour-coded hems in accordance with the Euronorm for chainmesh gloves to simplify your ordering.
- also available as detectable Version.
